DETAILED ACTION

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Claims 12, 16 and 28 are allowed. Applicant's arguments are persuasive. Upon further consideration, the combination of Zhou and Winzer references would have destroyed Zhou's invention or rendered a device less desirable in size and functions. It therefore would not have been obvious to one of ordinary skill in the art to modify Zhou's invention in view of the relevant prior art in order to create the invention as claimed.

Claims 13-15, 17-27, 29 and 30 are allowed as dependent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
